

NO ALBA WELL BUMPER STICKERS!!!!

That's right everybody. We now have "No Alba Well" bumper stickers for everyone!!

Now you can help us spread the message of our opposition to the Alba Well everywhere you go. They are nice looking white stickers with the red leachate truck and the words NO ALBA WELL.

Of course there is no charge for the sticker but, we are going to ask you for a 10 dollar donation. Why? Well if we sell the stickers we have to charge sales tax and fill out all kinds of forms. But if you donate the money its tax deductible for you.

But why 10 bucks? They sure didn't cost us 10 bucks. In fact they only cost us one buck each and I picked up the tab for that. No, any money you donate to us goes to pay for our legal bills. And if 100 people donate 10 dollars each that's 1000.00 dollars to pay for the lawsuit. Let's face it, every little bit helps!!!

Of course we don't want you to feel you have to donate 10 dollars for the sticker. The sticker is free. We just really appreciate anything you can do to help us win the battle. The most important thing is you have the sticker on your car spreading the message.

So if you would like a free sticker (for all your cars) just reply to this e-mail, call, or write. I will send them right out.

And thanks again for all your support.
